ESTABLECIMIENTO MADERERO

*Your partner in the Wood Industry.*

## ABOUT THE COMPANY

Corteza LLC, founded in 2003 , is a family -owned company situated in Villa Bonita, Misiones, Argentina. We produce 27,000 m3 of lumber annually . Our raw material comes from elliotis pine and taeda pine from Misiones and Corrientes states. We export it and contribute to the local development.

# BRIEF COMPANY HISTORY

In 1966, our family started working in the wood industry with an inherited wooden saw . At first, we worked with native wood. Later, we acquired land and got expanded. Nowadays, our activities include cattle raising, yerba mate production and accommodation.

In 2003, Corteza LLC specialized in the production of high quality implanted wood.
